Details

Description

A UK manufacturer of foam gaskets, sponge rubber gaskets, felt washers, adhesive backed gaskets and foam spacers is seeking suppliers in France, Italy, Poland, Slovakia and Spain, of the following materials:

Closed cell polyethylene foams
Closed cell sponge rubbers
Flock materials
Polyurethane foam (reticulated or open cell)
EMC/EMI (electromagnetic compatibility / electromagnetic interference) shielding materials
Adhesive transfer tapes

Advantages and Innovations

Can manufacture rubber gaskets and rings to 1.4m diameter for service in salt water to the specification laid down by the UK Environment Agency and Water Companies.

Hold in stock a large range of foams, felts and rubber for fast order completion and dispatch.

Process capabilities include: die cutting, kiss cutting, CNC knife cutting, slitting and rewinding, laminating and combining materials to create hybrid materials.

Very flexible manufacturing design capability for the combination of substrate and adhesive.

Confident of being able to provide products which represent excellent value for money; being both of high quality and cost competitive.

Technical Specification or Expertise Sought

Supplier partners will preferably have ISO9001 accreditation and ideally will be able to supply more than one of the sought material types.
